The Checkology difference

Young people are navigating the most complex information landscape in human history.

Help students confidently find their way to the facts with the Checkology® virtual classroom. Our browser-based platform uses real-world examples to give students the tools to sort fact from fiction and determine what information they can trust, share and act on.

About NLP

NLP, a nonpartisan national education nonprofit, provides programs and resources for educators and the public to teach, learn and share the abilities needed to be smart, active consumers of news and information and equal and engaged participants in a democracy.
