What to teach when...

Planning must-haves

This school year, help students build their news literacy skills.

Whether you've noticed a decline in students' ability to agree on the facts or you're looking to address the advancement of new technologies, these tools will prepare students to think critically about the world around them.

You hear **misinformation** circulating in your classroom.

Five types of misinformation

News Literacy Project

The News Literacy Project is a nonpartisan education nonprofit that works with teachers, school districts, states and community partners like libraries and after-school clubs to ensure students in all 50 states receive news literacy instruction before they graduate from high school.
