NAVIGATING AI

Sometimes visual cues are not enough to determine if an image or video is real or AI-generated.

Remember to take additional steps to look for context:

- Investigate the source
- Search for credible fact checks or news coverage
- Do a reverse image search

EVALUATING EVIDENCE

How can you tell if evidence you see online really supports a claim?

Look for:

- An authoritative source and/or verified account
- Context
- Supporting links from authoritative sources
- Supporting graphics
- Credit given to photographers
